

Curriculum Vitae

Female

Number of years working in industry:

10 years 11 months

Candidate ID Number: 11655

Nationality: Hungarian

Language Skills:

Fluent: English, hungarian, German

Permitted to work in: European Union, UK - United Kingdom

Position Sought: Head Therapist, Treatment Manager / Spa Trainer, Senior Therapist

Personal Statement

I am a therapist with eleven years of work experience. I would like to apply for the position you offered. I found out about this opportunity on the internet.

As far as I am concerned the knowledge of cosmetic ingredients and their production are as important as practical experience. I consciously built up my studies in order to be able to get a position at a cosmetics company in the future.

By working for your company I would like to broaden my knowledge and previous work experiences. My aim is not only to adjust to english needs but also to colour the palette with my own hungarian-australian-cypriot methods. I am sure that I can make a genuine contribution to your company's operations, while simultaneously deriving satisfaction from my work

Hopefully my studies and abilities regarding cosmetics are reflected in my curriculum vitae with what I applied for a position in your company. Supposing my vitae attracted your attention I am available for a personal interview.
