## **Personal Statement**

I am a dedicated therapist and bridal make up artist who constantly strives to achieve the very highest level of work. I am well spoken with excellent inter-personal skills. I am also a naturally happy and positive person with a desire to assist others in finding these attributes within themselves. I work well as part of a team and also individually. I am proactive, thinking ahead of the game. I work very well under pressure and am not easily phased by challenging situations. I am passionate about my profession and give it everything I have.

My present goal is to secure a Training or Therapist role within a Spa/salon environment using the skills I have learnt, and fine turned, during my studies and whilst working within the Day Spa and within my own beauty businesses. I would very much like to continue building upon my qualifications and learn new treatments as I strongly believe that a good Therapist/Make up artist should carry on enhancing and up grading their skills throughout their career.

Seeking work internationally.
