## **Education and Qualifications:**

### **2008 LIMBO COLLEGE OF ART & FASHION , MEXICO**

#### **DEGREE**

I recently completed a hair cut barbing product training course to become certified in the area of barbing services. The course was an in-depth look at the latest barbing techniques and products available. During the course, I learned the basics of barbing, including the proper use of clippers, scissors, razors, and other barbing tools. I also gained knowledge on various styling techniques, including fades, layers, and texturizing. The training also provided information on the selection and use of the various barbing products available, including shampoos, conditioners, gels, waxes, and pomades. I learned the proper techniques for cleaning and disinfecting the tools used in barbing and the importance of maintaining a hygienic work environment. In addition, I participated in hands-on demonstrations of how to use the products as well as how to give a professional-level cut. This was invaluable for helping me gain the skills and confidence I need to provide excellent barbing services to my clients. Overall, the hair cut barbing product training course was an informative and valuable experience. I feel much more confident in my barbing abilities and am excited to begin offering my services to my clients.

## **Vocational Qualifications**

I COMPLETED and attended a yoga training and it was a great experience. The training was comprehensive and offered a great introduction to the practice of yoga. The instructor was knowledgeable and had a great way of explaining the poses and techniques. He was also patient and helpful with any questions or concerns I had. The training was divided into two parts: one part focused on the physical aspects of yoga, including the poses and breathing techniques. The other part focused on the philosophical aspects of yoga, including the history, philosophy and spiritual aspects. I found this to be extremely interesting and helpful in understanding the practice of yoga. Overall, the training was an incredibly enriching experience. I learned a lot about the practice of yoga and feel more confident in my ability to practice it. I would highly recommend this training to anyone looking to learn more about yoga.
