Personal Statement

I did three years of beauty therapy and have loved every minute of it. I am now in HND Beauty therapy and want to work else where. I have been trained in everything that the beauty industry now offers and I am willing to learn more. I want to broaden my skills and learn from different countries and different spas/salons.

I used to own my own salon but had to give it up when I went into HND Beauty Therapy as the work load was too much. Now that I am finishing HND Beauty Therapy I want to get out there and show employers what I have got. I am a good time-keeper, I love to work long hours to help make the business go further.
