Personal Statement

I am 34 years old living in Sweden. I am applying for the job as a hairdresser.

As a person, I am positive, ambitious and self-motivated, where I am driven and committed to develop and take responsibility. In a workplace, I work both in teams and independently with customers. I believe that all individuals are different with different needs, and therefore I value a high degree of personal service to the customers I meet. As a hairdresser, being responsiveness and accuracy are important in the responsibility we have towards our customers. In the personal meeting with the customer is one of my main strengths to see details when creating.

Today I work at 'Salong Johnas' as a Top stylist. My tasks consist of cutting, coloring and styling. A large part of the work involves consulting with the customer about their needs before starting the treatment.

My customers describe that I can see the need they have, which creates a sense of security for them. To be honest and straightforward communication in combination with responsiveness, I see as a success factor in the creation.

I look forward to a personal meeting where I will have the opportunity to better describe myself and my life.
