## Personal Statement

I Believe my best quality is that I am a people person! i can get along with anyone and know when to listen and when to advise. Most of my clients believe that i have a healing hand with a positive aura that make them feel good and relaxed during the treatment, the kind wellbeing they look for. I maintain long and solid client relationship with high client retention. they trust me!

The other Quality is the thrill of ongoing industry learning, trend and education to know what is the best available practices to perform it or not depends on the condition under treatment of course.

My practice bible is the company's policy and procedures, i abide by the laws and legislations for my Clients' safety, the team, and mine.

My life goal at the present is get exposed to different client demography and different work landscape. With the work and life experience i gained during my stay in the United Arab Emirates with all its dynamism, exotic lifestyle and multicultural multilingual demography, i Believe it is time to change to a slower pattern lifestyle.
