Personal Statement

I am a highly skilled professional now based in Scotland with a busy practice but I have lived all over the world and I would like to secure regular overseas Visiting Professional roles in clinics or hotels or spa's around the globe. I'm looking for stints that will be effective enough as a exceptional offering to the clinic or hotel but not to disrupt my clinical practice for too long.

I have worked in 5 and 6* establishments and also spent time as a therapist aboard luxury superyachts The Salperton and Lady K.

I would be really interested in a long term regular arrangement with 2-3 clinics or hotels that I come at regular intervals throughout the year.
