Personal Statement

I joined the fast paced beauty industry in 2009 as a spa consultant for Virgin Active. I have always been a very driven individual and this combined with my passion for the industry enabled me to increase my knowledge and skills in various roles over the years.

After many years experience in the UK, In February 2016 I relocated to Dubai, UAE where I changed job role but stayed within the industry and became an educator for 'The Healing Zone Academy.' Here, I taught students from around the world internationally recognized beauty, spa and wellness related courses in compliance with strict DHA requirements.

I progressed my career to become the spa manager for the Singaporean spa chain 'Natureland' which is based within the Rixos Premium hotel in Dubai. I managed the pre and soft opening of the spa and managed the daily operations along with a team of over twenty staff members. My duties included the hiring, training and coaching of spa therapists, reception, housekeeping and spa attendants to ensure that they maintained the required five star standard and that our guests received 5 star, exceptional service.
