## Personal Statement

I am a hardworking, well presented, reliable hair stylist with a pleasant personality and a committed passion for hairdressing as well as delivering excellent customer service. I am very enthusiastic and devoted when I am developing and enhancing client's hair; this is because I believe each client is important and through providing an excellent service, you are more likely to increase repeat business, which in turn raises revenue.

I am also willing to do lower level duties that are essential in maintaining a good level of hygiene within the salon, i.e. cleaning the floors, emptying the bins, cleaning the apparatus and replenishing hairdressing products.

I have knowledge of booking in clientele appointments over the phone or in person and I am comfortable in communicating with staff and customers alike.

I am aware of the latest trends and techniques but also open to learning new skills, whilst at the same time advising clients on hair care, recommending products and providing technical assistance to colleagues.
