Personal Statement

My chance to sell myself.....How exciting!!!

I believe it is unfair to judge someone on what one reads. So I am hoping at this point that you are not judging me on my words. People deserve a chance and I think some time, we pass up great opportunities, due to systems that have been put in place.

I am currently studying Life coaching, as nothing gives me more pleasure than to see others achieve their goals and make changes in their lives.

So my goal is to get qualified as a life coach

Thanks for reading
