Personal Statement

I am an honest, versatile, hard working young woman, eager to learn, and who gets on well with people. Coming from a family of seven, I have learned to express myself clearly, and to serve others.

I have strong ambitions to increase my knowledge and experience in the Spa and Beauty industry, with a view to managing a facility that really helps the whole person. I am currently working in a Spa Hotel, there is a team of around 20+ therapists with whom I work very closely with. It has an excellent reputation and I really enjoy working there. I am very willing to relocate to gain more experience and embrace new cultures. As well as working full time in the award winning Spa Hotel, I am studying to become qualified in Sports Massage Level 3 which will be completed in April 2015. In September 2010 - 2011 I completed one year in a Spa Management Foundation degree course, at the University of Derby in Buxton
