## Personal Statement

I believe I would be an excellent addition to your team. I have a keen ability to handle difficult situations, strong IT and administration skills, and plenty of experience when it comes to providing first class service.

In my previous roles I have demonstrated excellent communication skills with clients by phone, email and face to face. I always put the client first and worked to resolve any issues that might arise. Most of all, I love working with people, am an approachable, outgoing, polite and friendly person who can develop good rapport with clients and colleagues and work well as a team player as well as on my own initiative. A good listener, I have empathy and sensitivity to those with varying needs around me in diverse environments.

Highly self-motivated, well organised, enthusiastic, quick to pick up new skills, calm under pressure and a strong ability to prioritise workloads and multi-task when needed, I am reliable, hard-working, professional and efficient, with a strong understanding of sales and related targets.

I have always had an open-minded, flexible and adaptable approach to work, as situations often arise that aren't foreseeable, and to varying workloads and pressures.
