## Personal Statement

I have 7 years experience as a Beauty Therapist.

My passion in the Beauty industry is being able to help people feel good about themselves and at the same time having the ability to inform them on how to look after their skin and improve their health at home.

My favourite treatments to perform are facials and body treatments, I am also a perfectionist at hair removal.

I love to keep my workplace clean and tidy by following all hygiene standards.

I am always looking at ways to improve my knowledge on the Skin and skin care.

In the near future I would love to further my studies on Dermal therapy, advanced hair removal, and eventually learn how to do botox and fillers.
